

Active Schools – Extra Curricular Clubs

Active Schools has a new booking system to replace Join In Edinburgh, managed by CIVICA, and was due to launch this week. Unfortunately, there is a technical issue which is out with our control, and we have had to close the site temporarily until it is resolved.

All bookings that have been taken on the booking site will stand and those who added names to the waiting list have been contacted by their Active Schools Coordinator.

There are some remaining places in the clubs and <https://www.joininedinburgh.org/> has been temporarily re-opened to enable us to fill the remaining spaces. If you would like to book a place for your child please scan the QR code below or visit the website above.

Thanks for your understanding as we resolve this issue as quickly as we can.
